

Important Information for Home Educating Parents

Information evening
18:00 - 19:00 Tuesday 4th April 2017

Home Educated 14-16 year olds can now access courses at South Gloucestershire & Stroud College due to a change in Government legislation and this meeting at the Stroud campus will provide an opportunity for an informal update on courses that are available*

There are several possible routes that might be of interest:

- A full time course at a suitable level (All courses are to be found in the College prospectus or on our website)
- Join a L.I.V.E. (Learning In a Vocational Environment) course as described in the LIVE brochure for one day per week over two years
- An exclusive group for Home Educated children could be created from the LIVE provision if there is a viable number of students interested
- Professional skills course

Please register your interest in attending this event with Nicola Styler,
14-16 years & School Liaison Manager (Stroud campus)
nicola.styler@sgscol.ac.uk Or Tel: **01453 761202**

**Please note that 14-16 year olds must be Home Educated for a minimum of 6 months prior to enrolment in September 2017 to access this provision*
